

Australian Mathematics Competition 2024 (AMC).

Dear Parents/Caregivers,

The Australian Mathematics Competition (AMC) is an engaging 30-problem competition that demonstrates the importance and relevance of mathematics in students' everyday lives; it is open to students in years 3 to 12. Australia's leading educators and academics, with a deep understanding of our national curriculum standards, actively design the unique AMC problems each year. Students who participate may attempt as many questions as they wish. The earlier problems may use more familiar mathematics while the later problems are more difficult and intended to challenge, needing more sophisticated problem-solving skills. The competition will be held between the 6th and the 8th of August. The cost to enter is \$8.50. The preferred method of payment is via quickweb which can be found via the payments tab on the MSHS website.

Please be aware, there is another note that is combined CAT and AMC entry with a reduced cost of \$13.50

Regardless of payment method, please return this note the finance office asap.

On the day, students will need their charged chromebook and a pencil.

Any questions please direct them to Rod Grieve – rod.grieve@ed.act.edu.au
