SUSPENSION, TRANSFER OR EXCLUSION OF A STUDENT IN ACT PUBLIC SCHOOLS POLICY

The Education Directorate has released its updated Suspension, Transfer or Exclusion of a Student in ACT Public Schools Policy.

ACT public schools work hard to support every student to achieve their best and meet their individual learning needs.

Schools use a range of prevention and early support approaches to manage student behaviours when they may impact on a student's ability to be positively engaged at school or impacts other students.

We recognise the importance of every child's right to a quality education. Suspension, transfer or exclusion from school is not a punitive measure and will only be used for the purpose of providing the time necessary to ensure a safe and effective learning environment at school.

When this need arises, our schools work closely with students and their families to support them through this process and to support the continuity of learning for the student.

You can read the full policy on the [Education website](#).

COLLEGE ENROLMENT INFORMATION SESSION
